The last power to enter to the T.V. can you imagine you entering to your favourite T.V. show that could be the best thing ever!

Chapter 2 by 20hupj

Sometimes people stare at me strangely because of my imaginary life. Like it's strange I believe in stuff like that (which it isn't, I know a handful of 3 year old's who have imaginary friends). My mum tells me that teenagers shouldn't still be living fantasies, stuff like that is reserved for children. Some people think I am a bit loony when they see me in my imaginary world, but it isn't their fault, it's just that they do not have the ability to see my own world.

To describe you my world is easy... Flying is like swimming in the air, you can do freestyle or just float. Invisibility is awesome, you blend in with the background and if I try hard enough sometimes in my world I manage to make other people invisible. I can also enter T.V's, which has both good and bad sides. Good side is when candy land is on T.V, bad side is the times when my sister changes the channel to horror and clowns.

Whenever I close my eyes I enter my world, it's as easy as breathing. All my greatest memories stem from this world. Memories such as birthdays, Christmas and first experiences.

But then it happened.

My imaginary world wasn't imaginary any more.

It became

Real.
